The Inside Connection To Your Engine

Introducing Senzit, the new digital smart filter monitor. Replacing analog air filter service indicators, Senzit from WIX Filters gives you access to the condition of your air filter anytime, anywhere via your smartphone. Just plug the rugged sensor into the air handler service port and download the Senzit app. In return, you'll receive accurate data that will help you protect and maintain your equipment, saving you time and money.

New Technology For Filters

-  Protects your engine and equipment by monitoring your air filter's real-time dust load
-  Saves time and reduces frequency of air filter maintenance
-  Extends filter life by maximizing capacity
-  Functions in the harshest conditions and is compatible with any filter brand

Heavy-Duty On-Road,
Heavy-Duty Off-Road

Dyna-Plex 21C SHPD Engine Oils are designed to extend drains in today's heavy-duty diesel engines while providing outstanding engine protection. Dyna-Plex 21C SHPD oils are made using low-sulfur and high-saturate base stock for high oxidation stability on par with top shelf synthetics. Blended with the highest performance additive package available, SHPD's exceptional formulation helps fight degradation and extend drain intervals for significant savings.

Medallion Plus Hydraulic Anti-Wear Series fluids are anti-wear hydraulic oils intended for industrial and mobile service applications where anti-wear lubricants are required. They are formulated to deliver performance in a range of hydraulic components used in

systems subjected to moderate operating conditions.

- Provide anti-wear protection reducing wear in pumps and actuators in open and closed-loop systems.
- Good resistance to oxidation and thermal degradation helps reduce the formation of deposits and varnish.
